

Product Datasheet

Network: Cellular 850/900/1800/1900 MHz GSM

Battery Life*: 60 days operation with location and temperature measurements reported at 60 min interval

LED: Blue for active, Red for alarm

Size: 130 mm x 71 mm x 25 mm

Weight: 0.20 lbs (100 g)

SIM: Internal embedded

Memory Depth: 125 days with 15 min interval of temperature measurements

Device Cache: 12,000 readings, loop record, overwritten.

Temperature range: -20° C to +60° C operation, -20° C to +60° C storage

Temperature accuracy: ±0.5° C (-10~+60° C)
±2° C (Other range)

Location service: LBS base station positioning

Approvals: FCC, UL, RoHs, CE, Food grade material (ABS)

Lorca Plus is a larger battery size version of Lorca, a disposable real-time location and temperature monitoring device, designed for national or international temperature sensitive logistic activities.

One button start operation, and you can easily track all info on c.cydiance.com through any web browser with the serial number of the device.

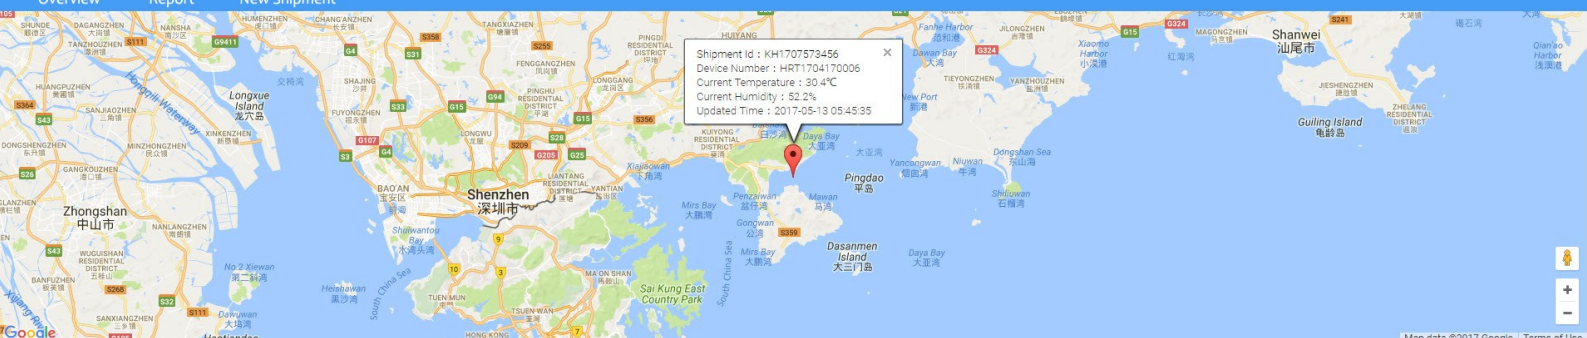

You may also register with the online system to input more shipment info for reference and maintain all the shipment history.

* may vary due to different condition of environment.
